To whom it may concern,

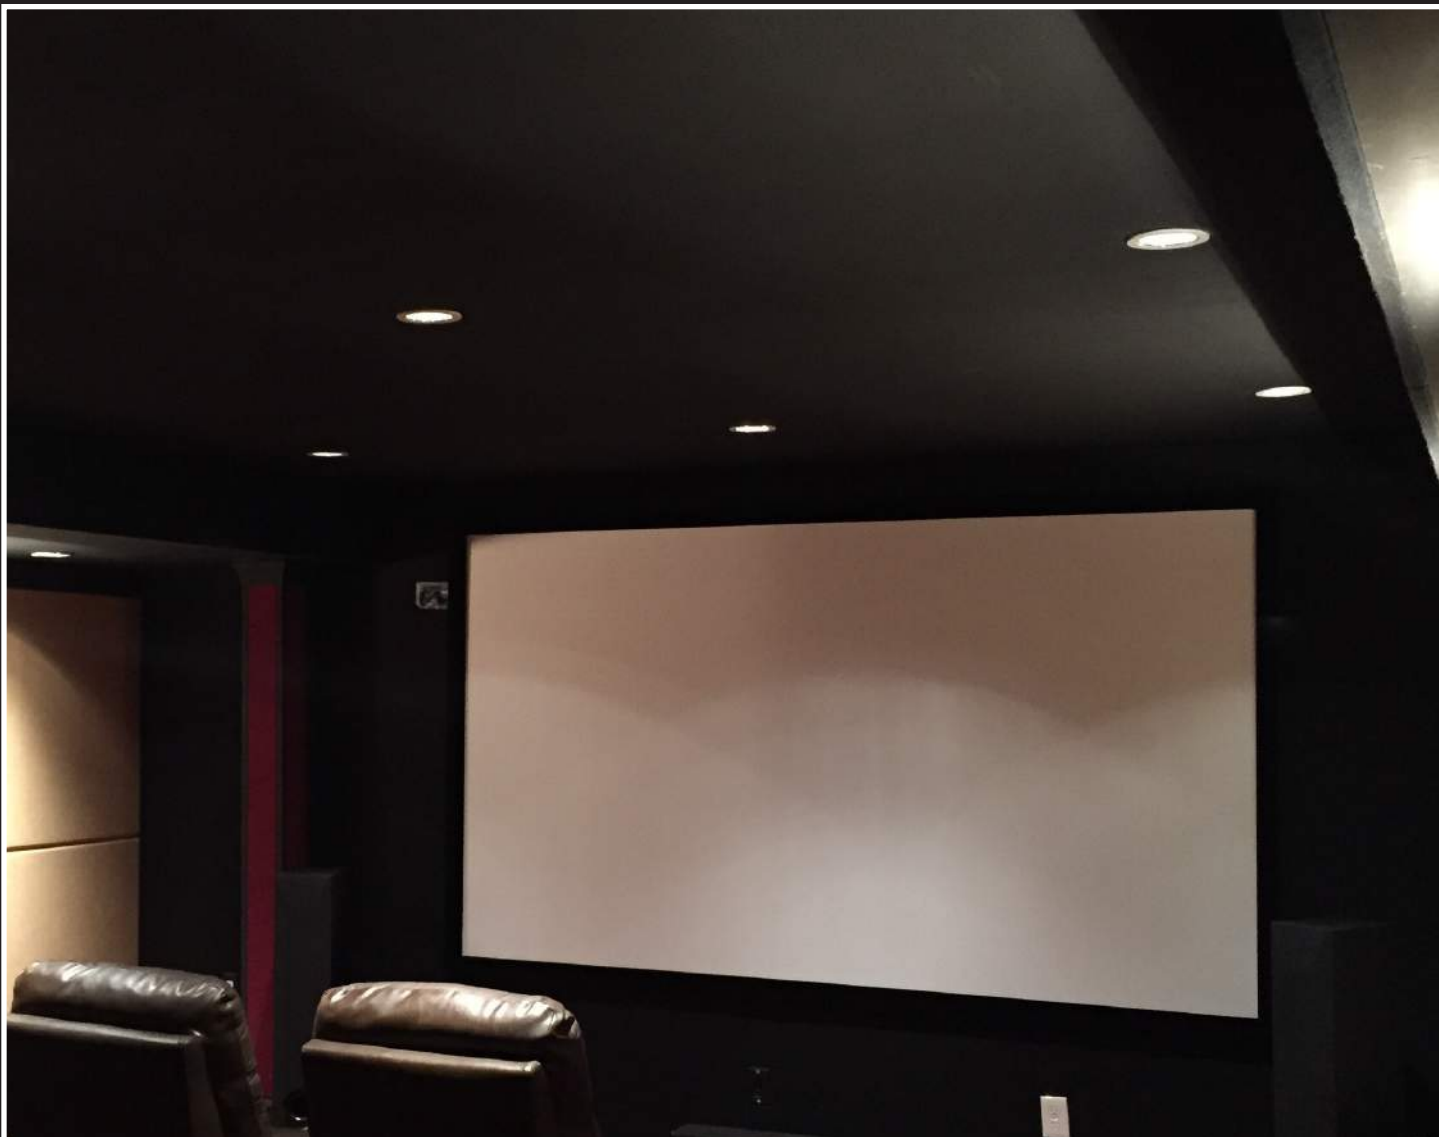

I am writing to you to express my interest in the Technician position and I feel that my qualifications match the requirements in your posting.

As my resume shows, I have 20 years of telecommunications experience with the majority of it in managerial positions. I also spent most of my time in direct customer facing positions.

With all of the changes that are taking place in the telecommunications industry, I felt it was time to pursue a change of career. Home Theater installation and now Home Automation are big passions of mine. I recently installed a dedicated home theater in my brother's new home. This whole room was done by me and on a very tight budget.

I look forward to speaking to you further about any positions that your company might have open.

Sincerely,
Joseph DeGennaro
